PROJECTS

Shohm - React Native

January to April 2023

Built a real estate application for mobile – Android. My responsibilities included assigning tasks, researching solutions, developing, and meeting with the client.

Features implemented were:

- Navigation
- Google Authentication
- Picture Slideshow

Technology used:

- Github
- NPM & Yarn
- React Native
- JavaScript

Weather Website - JavaScript

May 2023

Website <https://weatherappmz.web.app/>

Github-link: <https://github.com/Dalte123/WeatherAPI>

Built a personal project that allows users to search for the weather in any given city.

Features implemented were:

- Default Location
- Multi-Country Support
- Icon changes based on the weather
- Details like feels like, humidity, timezone

Technology used:

- Github
- CSS
- HTML
- Vanilla Javascript
- API

EDUCATION

Computer Engineering Technology – Advanced Diploma Graduate

A graduate of 3 years advanced program at Algonquin College

September 2020 – April 2023

Programming languages learned:

Java, JavaScript, HTML, CSS, PHP, C, C++, C#, R, SQL

Learning Outcomes:

Able to analyze, design, develop, and test software in accordance with appropriate functional requirements and standards. Able to apply general software principles of data structures, design patterns, and structured data parsing in accordance with industry standards.

PROGRAMMING

React

React-native

JavaScript

HTML & CSS

SQL

SOFTWARE TOOLS

GitHub, Outlook, Zoom, VMWare, Jira, Confluence, Firebase, Expo Go, Expo, Node.js, Teams, GitBash

STRENGTHS

Team player: Works great with others, follows instructions well, is a great communicator, always willing to help teammates.

Problem solver: Great at solving problems, and can find unique solutions to complex problems.

Fast Learn: Can adapt under pressure to learn new skills.

Reliable: Responsible, always on time. Consistently works hard.

RELAY FOR LIFE

Ottawa—Sponsorship Committee volunteer

April 2019

I was part of a team that helped raise money for cancer. Oversaw and acquired sponsorships. Ran activities during the event. And helped advertise and present Relay for Life to the secondary school.
